

EMPOWER BANNER WITH ORACLE CLOUD INFRASTRUCTURE (OCI): THE BEST CLOUD CHOICE

OBJECTIVES

How to free your Banner environment from your on premises and existing Cloud Services Provider's constraints to unleash its true potential

SOLUTION

We leverage the advanced capabilities of OCI, tailoring a migration path designed for a seamless, efficient transition. Our solution gives you better integration, higher performance, and more flexibility.

BENEFITS

1. Decreased Costs with Predictability

Oracle Cloud Infrastructure stands out with its cost-efficient and consistent pricing structure. By optimizing your resource utilization and boosting performance, you could experience savings of up to 40% on infrastructure, 30% on maintenance, and 25% on upgrade expenses.

2. Fast and Efficient Migration

With OCI, experience a "swift", uncomplicated transition journey, assisted by Tharseo's Rehosting Services.

3. Integrated Ecosystem

Seamlessly combine your Ellucian Banner with existing Oracle and third-party software, expanding your tech capacity with tools like Oracle Autonomous capabilities and more.

4. High-Performance Computing

OCI's robust resources effectively manage peak traffic and workload demands, optimizing your database performance with features like Oracle Exadata Cloud Service, Oracle Database In-Memory, and Oracle Real Application Clusters (RAC).

5. Customization and Flexibility

With OCI, adapt your Ellucian Banner according to your needs, choosing from varied deployment options and service levels.

AT A GLANCE

CHALLENGES

Other Cloud providers represent High costs, restricted integration, limited performance, and lack of customization.

BENEFITS

Transitioning to OCI with Tharseo IT provides cost savings, quick migration, seamlessly integrated ecosystem, robust high-performance computing, and a highly customizable environment.

BILL YOUNG

CIO of Butler Community College

"This move with OCI, not only did it fix the challenges we had with Banner and addressed those financial problems upfront, but it opened the doors and created so many more possibilities for us"
